How we use cookies

A cookie is a small file which asks permission to be placed on your computer's hard drive. Once you agree, the file is added and the cookie helps analyze web traffic or lets you know when you visit a particular site. Cookies allow web applications to respond to you as an individual. The web application can tailor its operations to your needs, likes and dislikes by gathering and remembering information about your preferences.

We use traffic log cookies to identify which pages are being used. This helps us analyze data about web page traffic and improve our website in order to tailor it to customer needs. We only use this information for statistical analysis purposes and then the data is removed from the system.

Overall, cookies help us provide you with a better website, by enabling us to monitor which pages you find useful and which you do not. A cookie in no way gives us access to your computer or any information about you, other than the data you choose to share with us.

You can choose to accept or decline cookies. Most web browsers automatically accept cookies, but you can usually modify your browser setting to decline cookies if you prefer. This may prevent you from taking full advantage of the website.

Managing Cookies

Cookies help us identify your device, performance of typical actions on this website or when you are logged in to specific secure zones. We use strictly necessary and functional cookies to enable you to move around the site and to provide basic features. Tracking and performance cookies are used to provide a better overall user experience. Below are the type of cookies present on our website:

1. Strictly necessary cookies

Some cookies are strictly necessary in enabling you to move around this website and use its most basic features. Without these cookies, for example, you would not be able to login to secure zones or keep track of your online shopping cart.

These cookies can't be disabled.

2. Tracking and other optional cookies

We use performance and tracking cookies internally to enable us to provide you with a better user experience. Information supplied by these cookies helps us understand how our visitors behave on this website, track unique visitors or time spent on the site, and on different web pages so that we can improve how we present content to you.
